Sakai Refinery Conducts Refinery Tour for University Students

The Sakai refinery (Sakai City, Osaka; manager: Kazuto Uchino) of Tonengeneral Sekiyu K.K. (head office: Minato-ku, Tokyo; representative: Jun Mutoh) held a refinery tour for Kansai-area university students on August 29.

Each year, the Japan Petroleum Institute Kansai Branch, JPIJS Kansai Area; and the Japan Energy Institute Kansai Branch hold seminars for university students to present information on the latest technology and promote friendship. The August 29 visit to the Sakai refinery by 22 students and four instructors was part of this program.

After an introductory presentation about the refinery, the students were taken on a tour of the refinery, where they observed refining units and tanks, followed by discussions in small groups with Tonengeneral engineers.
