TonenGeneral is proceeding with plans for power plant construction in Shizuoka City, Shizuoka and Ichihara City, Chiba, and sets retail prices based on these large-sized power plants prior to completion. For the time being it will procure power utilizing in-house power generation facilities at its Kawasaki refinery and through purchases from third parties via the wholesale market. By applying to its power generation business the expertise gained in its petroleum business, in areas including cost reduction, efficient operations and thorough pursuit of energy savings, TonenGeneral will provide consumers with a cost-effective and stable supply of electricity.

About the TonenGeneral Group

The TonenGeneral Group has a nationwide network of service stations operated under the Esso, Mobil and General brands, and is engaged in business operations, centered on Group company TonenGeneral Sekiyu K.K., which include crude oil procurement, petroleum and petrochemical
